## Nomination and application guidelines

As part of the application, the student will need to complete a provisional list of modules they would like to take (Study Plan). This should also include at least two reserve choices in case any of their first-choice modules are no longer running or are full. An up-to-date list of modules can be found at: [lancaster.ac.uk/studyabroad-modules](https://lancaster.ac.uk/studyabroad-modules).

If the student is postgraduate, please contact us for further advice on the modules available. Postgraduate students can only take postgraduate modules. Postgraduate modules are only available to partners with whom we have an agreement at Masters level.

As part of the application the student must upload a copy of their most recent transcript. We will also need to receive a copy of their current passport before we can issue any visa documentation. This can be sent separately if the student does not have one yet. Once the application had been submitted, students will be able to download a PDF of the application for their records.
